

Metropolitan Washington Public Health Association
Continuing Education Committee (CEC)
Mission Statement

The MWPCHA CEC will further the education and development of public health workers in the Metropolitan Washington area, who work in health care, community health organizations and advocacy, by developing a high-quality evidence-based multidisciplinary program of continuing education. CE will meet clinical and/or community-based practice needs. MWPCHA will offer CEU's in the disciplines of Community Health Education, Social Work and Public Health Nursing.

The MWPCHA CEC will accomplish this mission by:

- a. Offering between 3-6 CE sessions per year
- b. Evaluating CE sessions during the year to improve course content and delivery
- c. Enlisting the public health community in proposing ideas and speakers for CE sessions
- d. Where possible, collaborating and co-sponsoring sessions of public health relevance with health and advocacy-related organizations.
